Nominated.

#### THE TICKET.

Governor, A. J. Harris.  
Lieut. Governor, Francis Treadway  
Sec. of State, C. A. Thompson.  
Auditor---E. M. Fullington.  
Treasurer, C. C. Green.  
Attorney General, U. G. Denman.

Columbus, March 4---A telegram from W. H. Taft, thanking the convention and Ohio Republicans, brought forth a storm of applause.

For State Treasurer E. C. Woodworth of Athens county was named by General Chas. H. Grosvenor. Chas. C. Green, present cashier of the state treasury, was named by Randolph W. Walton of Governor Harris' office. J. C. Rosser of Shelby county, by Congressman J. Warren Keifer, W. H. Crafts of Portage county by F. A. Derthick, president of the State Grange, and Melville M. Gillette of Licking county by Chas. W. Montgomery of Newark. Chas. F. Volkmer of Fostoria, presented Chas. Ash of Seneca county. First ballot: Green 266, Rosser 146, Gillette 108, Crafts 115, Woodworth 96, Ash 82. No nomination.

Second ballot: Green 367, Rosser 184, Crafts 77, Gillette 93, Woodworth 48, Ash 48; no nomination. Ash withdrew, then Woodworth followed. Cuyahoga headed a break to

Congressman Seth W. Brown of Warren county, named S. A. Stillwell of Warren county. Fullington was nominated on the first ballot.

When nominations were called for Lieutenant Governor, Congressman Howland presented the name of Francis Treadway of Cleveland, W. C. Collins of Cambridge presented Speaker, Sherman T. Bagleson. Congressman Albert Douglass presented Judge Samuel H. Bright, of Hocking county. The name of Senator Samuel H. West of Logan county, was offered by W. B. Ramsey, of Bellefontaine. W. S. Anderson of Youngstown, presented the name of B. F. Wirt of Mahoning county.

The first ballot stood Treadway 248, Eagleson 211 1-2, Bright 82, West 127 1-2, Wirt 147, 403 necessary to choice.

The second ballot resulted: Treadway 319, Eagleson 235, Bright 45, West 95, Wirt 121, no choice.

Treadway was nominated on the third ballot, which stood, Treadway 491 1-2, Eagleson 252 1-2, Bright 23, West 16, Wirt 37.

Secretary of State Carmi A. Thompson was renominated by acclamation.

Columbus, O., March 4---Delegates and visitors to the Republican state convention were prompt this morning in assembling in Memorial hall for the second session. No time was lost. When the convention got under way, business was transacted with neatness and dispatch. Attorney General Wade H. Ellis, permanent chairman of the convention, wielded the gavel in a graceful manner.

A. I. VORYS.  
One of the Delegates-at-Large.

Rosser with 51 votes, but Cox gave Green his full 96 and Franklin's 35 was steady for Green. There were yells of "Break the state!" and wild cheering by both sides.

Green was nominated on the third ballot which stood, Green 455, Rosser 335, Crafts 1, Gillette 24.

For attorney general the following were nominated: Smith W. Bennett, Crawford county; U. G. Denman, Lucas county; Charles C. Upham, Stark county. Warren Thomas was not presented to the convention. Denman will probably be nominated on the first ballot.

The first ballot: Denman 384, Bennett 251, Upham 180; no nomination. Denman was nominated on the second ballot, when Lucas was reached on the call. Second ballot: Denman 612, Bennett 152, Upham 51.

For board of public works, two to be nominated, the following were presented: B. W. Baldwin of Ashtabula; Wm. Kirtley, of Defiance; Wm. A. Hillabide, of Summit, and Frank J. McCullough of Logan county.

For State Auditor Jesse L. Cameron of Union county, named Edward M. Fullington, of that county. Ex-

MALCOLM JENNINGS.

Permanent Secretary of Convention. Delegates were enthusiastic and at times demonstrative. Every mention from the stage of the name of Secretary Taft had a magical effect. A hand was given other party leaders as well. Congressmen Theodore Burton and Nicholas Longworth were not overlooked. George B. Cox, as head of the Hamilton county delegation, also commanded attention.

The report of the committee on permanent organization, as submitted to the convention, named Attorney General Wade H. Ellis for permanent chairman, Malcolm Jennings for permanent secretary and Robert M. Switzer assistant secretary. These selections were approved, the convention adopting the report unanimously.

Congressman Theodore Burton of Cleveland, chairman of the committee on resolutions, presented the platform to the convention. Delegates applauded each plank as read.

Settled Out of Court.  
The case of the State of Ohio vs. Charles Barnes, of Alexandria, who was charged with the non-support of his minor children, was settled out of court.

### DAMAGE SUIT FOR \$10,000 FILED

ALFRED KLINGENSMITH WANTS  
DAMAGES FROM BURNS IN AN  
EXPLOSION.

Suit to Test Validity of Will---Divorce  
Cases Filed---Stone Divorce Ar-  
guments Thursday.

Alfred B. Klingensmith has commenced suit against A. H. Heisey & Co. and others for \$10,000 damages alleged to have been sustained by a natural gas explosion. Plaintiff says that he was employed by the defendants to assist in cleaning out a gas well in Union township. That the defendants built a shanty for the use of the employees during their work, which was heated by natural gas furnished from a main owned by the defendants. Plaintiff says that on February 14, Ralph Detire, the head man carelessly opened the stopcock of the gas pipe, causing a large quantity of gas to enter the place, which exploded, burning plaintiff in a terrible manner, and for which he asks damages in the sum of \$10,000.

Answer and Cross Petition.  
In the case of Isaiah Shimmel vs. Edward Young and Hulda Young, the defendants have filed their answer and cross petition in which they deny all the allegations contained in the petition of the plaintiff, and ask judgment against the plaintiff in the sum of \$69.

To be Argued Thursday.  
The testimony in the divorce case of Sylvanus Stone vs. Stella Stone was concluded in the Probate court Tuesday afternoon, and an adjournment was taken until Thursday afternoon when the case will be argued.

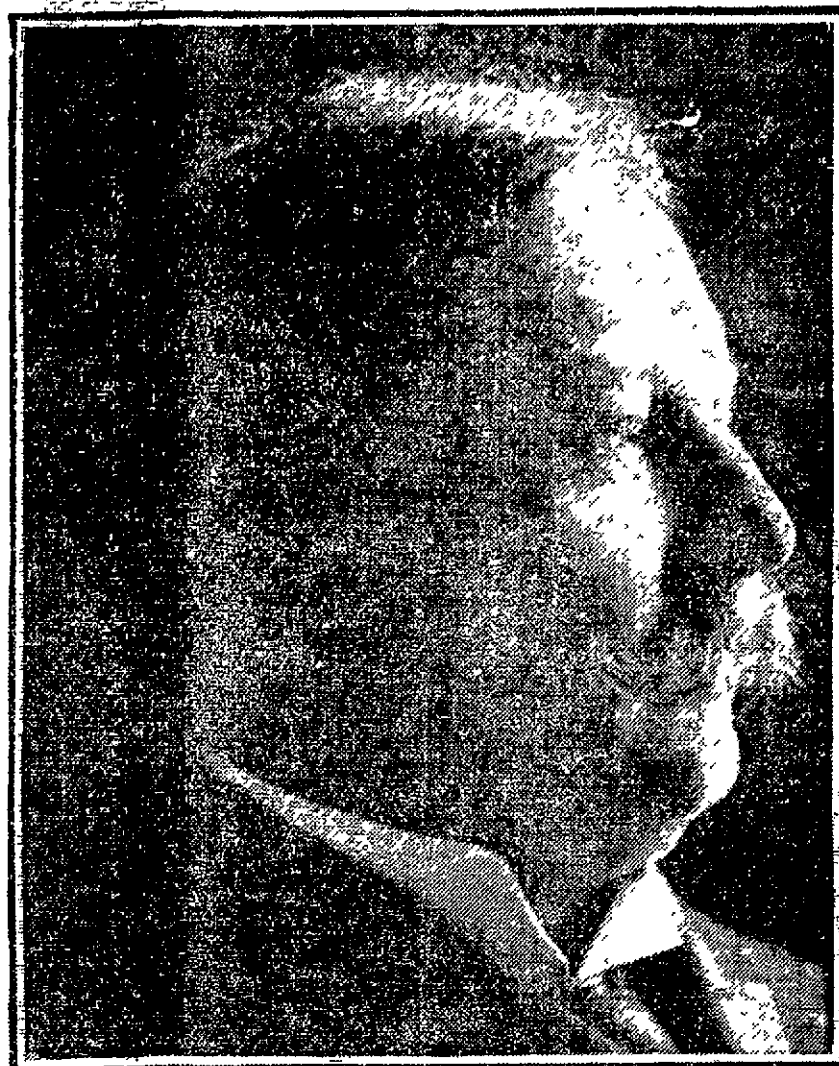

Returned to Hospital.  
At an early hour Wednesday morning the Probate court was called up by parties in Frampton and informed that George Dunlap, who had been sent home on a trial visit from the State Hospital about a month ago had been taken with a recurrence of insanity and that he was very dangerous. Probate Judge Brister immediately issued a warrant to Sheriff Redman, who went out to Frampton Wednesday and secured the man. He was brought to this city and taken to Columbus Wednesday afternoon.

Pension Day.  
Wednesday was pension day and the clerks in the office of the Probate judge and clerk of the court were kept busy all day making out vouchers for the old soldiers and widows of old soldiers.

Alimony Suit.  
Flora J. Hahn has commenced suit in Probate court for alimony from Kearne F. Hahn. The parties were married December 2, 1902, and one daughter, Florence, was born. She charges her husband with failure to provide and infidelity. She says her husband is employed by the Pennsylvania Railroad company and receives \$75 a month. An injunction was issued restraining the company from paying him any money.

#### Will Contest.

Charles O. Wilson and others have commenced suit against Laura Beatty and others to determine the validity of the will of Sarah Ann Wilson, who died in March, 1906, leaving plaintiff and defendant, Laura Beatty and Emma Lewis her only heirs. Plaintiffs say that the paper which was probated as the last will and testament of Sarah Ann Wilson, was not the last will and testament of Sarah Ann Wilson, because at the date of the writing she was not of sound mind and memory, and was mentally incapacitated from making a will, that the paper writing was simply a compact joint in form and substance, made by Cynthia Jane Wilson, between herself and Sarah Ann Wilson to treat their estates as one estate, and jointly dispose of it among the legatees.

## WITH SCREAMS OF TERROR CHILDREN PERISH IN FLAMES

### Over 140 Meet Death in High School Fire and List May Reach Over One Hundred And Seventy

CLEVELAND, MARCH 4---AT 3:00 THIS AFTERNOON 146 BODIES WERE AT THE TEMPORARY MORGUE AT THE LAKE SHORE OFFICES. DEPUTY CORONER McNEIL SAYS THE DEAD WILL NUMBER AT LEAST 170.

CLEVELAND, O., MARCH 4---Over 140 school children lost their lives in a fire which broke out today in the three story high school building in North Collinwood, a Cleveland suburb. Over 140 bodies are recovered. Twenty-five more children were injured in jumping from the windows.

The fire started from unknown causes under the stairway leading to the third floor. When the pupils on the upper floor were warned of their danger by the smoke pouring into the rooms, all escape was cut off. Rushing to the top of the stairway, they were driven back by the rush of flames. While the lower floors were emptied, an alarm was sent to the Cleveland fire department. A half dozen engine companies were dispatched from the East Side stations, but they arrived too late to rescue the victims. The floors had collapsed and only the walls of the building remained standing.

The Collinwood fire department was woefully inadequate. It was without ladders of sufficient length to reach the upper floor and had not life nets. The only children to escape from the upper floor were those who risked their lives in jumping. Most of these are frightfully injured. The injured pupils were rushed to the city hospitals. Some of them are fatally hurt.

The death list may grow to 170, as it is impossible to obtain an accurate statement of the number in the upper rooms.

While the flames were gaining headway that soon put them beyond all control, the children crowded about the windows of the third floor screaming wildly for help. The scene about the building at this time beggars description. Hundreds of mothers, rushing to the scene at the first alarm, added their cries to those of the imperilled one. Many women fainted and others were kept from rushing into certain death in an effort to reach their little ones.

It is feared that many of the bodies carried down by the collapsed floors will be charred beyond recognition. Those recovered were horribly burned. All were hurried to the morgue without an effort at identification.

Nearly all were killed in the mass at the first floor door. This door was finally opened by men outside, but a wall of flame had formed across it. Most of the children were already dead. Before that mass group, distracted mothers fought with firemen, trying to drag the bodies from a tangled heap. The father of Gretchen Dorn, member of the board of education, pulled the arm from the little body of his daughter in his struggle.

The bodies of people living near the school were turned into temporary morgues. At the Lake Shore shops 41 bodies were piled in a store room. The Glenville hospital cared for seven bodies. The fire was about out at 1:30 o'clock.

Mr. H. C. Hoffman, representing the P. E. Collier Publishing company, was in the Advocate office at the time the telegram, announcing the terrible disaster, was received. Mr. Hoffman, who is resident of Collinwood, immediately became greatly excited, and said that he lives about a square and a half from the school house. He says the fire department of the place, which has a population of about 12,000, is very inefficient, and hasn't power enough to throw water over a one story building, let alone a building like the school house.

He also said that the department hadn't a ladder that would reach the third story windows.

Collinwood is not a part of Cleveland, although it is a continuation of the city. It has a separate government entirely, although efforts are being made to annex it to Cleveland proper. Mr. Hoffman says that he is personally acquainted with many of the pupils and parents of children attending the school, which is a grammar grade.

## MILLIONS

ARE BEING TAKEN FROM GOV-  
ERNMENT TREASURY IT IS  
ALLEGED.

Searching Investigation Will be Made  
by the House Committee on  
Expenditures.

Washington, March 4---The promise was made today by Chairman Wanger of the House committee on expenditures of the postoffice department, of a searching investigation into the charges that the postmaster general is permitting the railroads of the country to take from the treasury annually millions of dollars to which they are not entitled. Personally, Postmaster General Meyer is not accused of wrong doing.

## NINE HOUR IN EFFECT TODAY

RAILROADS OF COUNTRY WILL  
ADD 5,000 TRAIN DISPATCH-  
ERS TO FORCES.

Number of Roads Will Economize by  
Closing Stations---Telegraphers  
Will Not Work Overtime.

Washington, March 4---By the nine hour law, which became effective today, the railroads of the country will add nearly 5,000 more train dispatchers to their forces, at an average wage of \$50 per month. A number of roads will economize by closing some of their stations and lengthening the mileage of blocks. Many of the roads will make no change in their stations. Only in extraordinary emergency will telegraphers be worked longer than a nine hour trick.

## GOV. HUGHES

SENDS MESSAGE TO ASSEMBLY  
REFUSING TO GIVE NAME OF  
ALLEGED GAMBLER.

Who Claimed That Money Would be  
Used to Defeat Anti-Race Track  
Gambling Bills.

Albany, N. Y., March 4---Governor Hughes has sent to the assembly a message declining to give the name of the alleged gambler whose letter, given out Sunday night at the executive chamber implied that money would be used to prevent the enactment of the anti-race track gambling bills.

"I give no credence to any report that the members of your honorable body would be deflected from their manifest duty by any attempt, if such was made, on the part of those who have vast interests at stake in the matter, to corrupt their judgment," the message says; "On the contrary I have implicit confidence that the legislature will carry into effect the constitutional mandate and will purge our state of this source of misery and vice which exists only because the will of the people, flatly declared in the fundamental law, has not been carried into effect."

Without comment the message was laid on the table.

## NEGRO AT BAY SHOTS THREE

Clarksburg, W. Va., May 4---Frank Johnson, a negro, accused of murdering Mrs. Carl Martin, a negro, and who is held at bay in a barn near here by a posse of deputy sheriffs, shot and wounded three of his pursuers early today. The wounded are H. C. Cook, James Wamsley and John Matheny.

## ARE ACQUITTED ON CONSPIRACY CHARGE

Pittsburg, Pa., March 4---Augustus Hartje, John Welch and Clifford Hode were acquitted today of conspiracy. Justice MacFarlane instructed the jury to bring in a verdict of not guilty. The charge was the result of the celebrated Hartje divorce case.

## STILL ANOTHER

Crackmen Get Away with \$5000 of  
Bank's Fund---Building Badly  
Damaged.

Mount Orab, O., March 4---Crackmen blew the Mount Orab bank early today and got away with \$5000 in currency and silver. A trail of scattered silver led to the edge of a woods. The guests in the Grand Hotel were awakened by the explosions, but the robbers escaped on horses. Blood hounds followed the trail only to the woods. The bank building was badly damaged.

## CASTRO

### Will Not Submit To Arbitration Of As- phalt Claims

### AND WAR IS IMMINENT

### Venezuela President May Change Opinion of the "Yankee Pigs"

### Situation Is Full of Dangerous Pos- sibilities At Present Time.

Washington, March 4---The State Department has sent President Castro of Venezuela, an unqualified demand that he submit all matters in dispute between this country and Venezuela to arbitration.

President Castro has refused unconditionally to accept the demand. The administration is now in a position where it must make a display of force or recede from its attitude and re-submit the causes of the quarrel back to the State Department. The Administration has taken practically the stand that the Asphalt Trust is in the right in its controversy with Castro and has substantially made its case the government's.

It was learned last night that the President is preparing for a display of force. Events in connection with this disagreement are moving with great rapidity and developments of interest are looked for any day.

Army and navy officers expect any day now to get orders for a movement against the miniature South American republic. There are six prominent cases at issue, and the most important of these is the fine of \$8,000,000 imposed upon the Asphalt Trust by President Castro.

The first decisive step was taken last week, when Secretary of State Root instructed United States Minister Russell in Caracas to make a demand upon Castro en bloc for the arbitration of all questions in dispute. In case Castro had answered that the proceedings were irregular Russell was to make a definite stand upon each individual case. This was done and Castro refused point blank both the en bloc and the individual offers.

The State Department has gone as far as it can while Congress is in session. It would be useless to expect to take any tepid of war any act similar to war while Congress is in session, that body having the right to declare war.

Four years ago Castro assumed the same attitude he maintains now. At that time it was no secret that the United States had sent army officers to Colombia and Venezuela to make reconnaissance with reference to a possible conflict with the recalcitrant republic. Castro has been very impudent. One of his dispatches to the State Department is said to have conveyed the statement that he would not deal diplomatically with "Yankee pigs."

The real question now is whether Congress will take the Castro business in its own hands and suggest that an ultimatum be sent to Venezuela. If that be done it will precipitate a crisis.

The situation at the present moment is one full of dangerous possibilities. It is being handled in the Senate by Senator Lodge. He has not yet brought before the Senate all the correspondence in the various cases, but he was informed yesterday that Castro had flatly refused to submit any of the cases to arbitration. Castro is opposed to the settlement of matters in The Hague. He was not represented in The Hague or in the Rio conference two years ago. His attitude is therefore a challenge to the United States, and it remains to be seen whether Congress will take up the gauntlet he has flung down.

Caracas, Venezuela, March 4---Even the news from the United States that Venezuela is threatened with a display of force unless she submits to the arbitration of American citizens' claims of unjust dispossession of properties in her country, has not extracted in a word from President Castro. Foreigners here think from the president's stubborn character, that he is making no more than a mere bluff with an ultimate surrender in mind. Their opinion is that he will actually resist if force is used against him.

## THOUGHTS ON BUSINESS

BY  
WALDO PONDRAY WARREN

## CONTINUOUS GROWTH NECESSARY

ARE you growing as fast as your business is growing? That is a question every man might well ask himself. Unless there is a continual growth in the individual there is a widening of the distance between him and the higher positions to which he aspires. The requirements of nearly all high positions are increasing. It takes a bigger man to be foreman to-day than it did a few years ago.

These are days of remarkable growth in almost every line of business. It is not uncommon to hear of concerns that have "doubled last year's business"—and that in the face of the fact that "last year doubled the year before." An increase of 20 to 50 per cent a year is by no means uncommon. Statistics for the last few years show a steady and substantial increase in almost every line of business.

Are you growing as fast as your business is growing? This question comes home with especial significance to men who have executive work of any kind. The foreman who handled ten men two years ago, and twenty men last year, to this year perhaps required to handle forty men. He must be able to do it if he is to keep up with his position. The business demands the forty men—if he can't handle them another must. The call everywhere is for men who can keep up with the rapid pace of present day business activity.

Break Into School.

On two different occasions some person or persons have broken into the Indiana street school building. Nothing has been missed and Superintendent Sinkins says no damage was done to the building or the property. Whether the offenders were men or boys is not known. New locks have been put on all the doors.

Rumor is Denied.

A report was circulated Wednesday to the effect that a West Newark teacher had frightfully punished one of her pupils. The Advocate inquired of Supt. Sinkins who had not heard the report, and Mr. Sinkins at once communicated with the principal of the school and with the teacher, both of whom assured him that there had been no trouble and no case of punishment as rumored.

Will Build New Church.

The First Presbyterian church building committee, consisting of Messrs. J. H. Roe, Wm. E. One of the well known engineers at Columbia has handed in a work report at the roundhouse office that is a gem of its kind. It has been talked about all over the road and every man that comes into the office waits to see it. Engine Dispatcher Ledger hands it out and it is now nearly in shreds from much use. The part which delights the railroaders is as follows: "Put books on both end gates to keep them open. Engine does not steam. Do not know whether it is the engine or the fireman. Think a good fireman could keep her hot. She does not leak."—Masillon Independent.

Excursion to NEW MEXICO ON TUESDAY MCH. 17

A dozen wide awake and far seeing Licking county men have recently purchased land in New Mexico, a country of great opportunity and promise.

On Tuesday, March 17, John Tucker will conduct another party from Newark to the great Southwest, the low rate of \$44 for the round trip (25 days) having been secured. Railway fare will be refunded to all purchasers of land. Licking county men are invited to join the party. Go and inspect the land yourself, study the situation and if the proposition looks good to you buy. If it doesn't let it alone. New Mexico today offers rare farm bargains for the man who is seeking a safe and solid investment—one that will yield big returns on small capital. For further information about this trip or about New Mexico land call upon or write

JOHN TUCKER.

There was a spirited contest in the Seventeenth district meeting at the Republican State Convention for State Central Committeeman between George H. Hamilton of Newark, and Judge E. S. Sowers of New Philadelphia. It took eleven ballots to decide the contest, the vote standing 18 for each candidate on the first ten ballots. On the eleventh ballot Hamilton was elected by a vote of 19 to 17. It will be remembered that Judge Sowers was the Republican candidate for Circuit Judge in this district in 1906, and ran so fearfully behind his ticket that Judge Donahue, the Democratic candidate, was elected by a surprising majority. Sowers prides himself as a professional politician of the machine type and generally succeeds in such contests as this. But he found matters different on this occasion when he ran up against our townsman and well known scientist in the game of politics, George H. Hamilton.

The people of the United States are as greatly endangered from the grasp of predatory power as from the exactions of predatory wealth. The tendency to a centralization of authority in the Federal government is in fact a result of Roosevelt's "imperial policies," and it has become a source of grave alarm. All reforms should come by legislation, instead of one-man power at Washington, and this will be one of the issues of the coming Presidential campaign.

**COMPANY WILL BE FORMED**

TO MANUFACTURE GREASE REMOVING SOAP INVENTED BY NEWARK MOLDER.

Is Said to be an Excellent Cleansing Compound and Very Beneficial to the Hands.

Ralph Schreiber, a molder at the Wehrle plant, and Carl Schreiber, a brother, who is in the tin and slate business in Zanesville, have invented a grease removing soap for the hands of workmen, which is soon to be placed on the market by a company which is being formed to back the project.

The Schreiber brothers perfected the compound some time ago, and it is now in wide use among molders, polishers and mounters at the big stove foundries. It is said to be healing to the hands and at the same time capable of removing any grease or paint from the flesh with no bad results.

A company is soon to be incorporated, with a capital stock of \$10,000 and the article placed on the market.

*Pertinent Points About Our Election Machinery For New Voters and Old*

**THE ELECTION OF 1904.**

Who were the two leading presidential candidates in 1904?

Theodore Roosevelt and Alton B. Parker, both of New York.

Did Roosevelt receive a majority of the popular vote?

He did. His clear majority over all candidates was 1,736,264. There were four lesser candidates.

And who were they?

Eugene V. Debs of Indiana, Socialist; Silas C. Swallow of Pennsylvania; Prohibitionist; Thomas E. Watson of Georgia, Populist, and Charles H. Corrigan of New York, Socialist Labor.

What was the vote of these candidates?

Debs, 402,283; Swallow, 258,536; Watson, 117,183; Corrigan, 31,249.

Did any of these lesser candidates carry any electoral votes?

No. The total electoral vote was 476, of which Roosevelt got 336 and Parker 140. The electoral vote for the vice presidential candidates, Fairbanks and Davis respectively, was the same.

Is not that always the case?

Not necessarily. In 1896, when Bryan was nominated on both the Democratic and the Populist tickets for president, with Arthur Sewall of Maine for vice president on the first ticket and Thomas E. Watson of Georgia for vice president on the second ticket, Watson received twenty-seven electoral votes for the vice presidency.

What was Roosevelt's plurality over Parker?

It was 2,545,515. Roosevelt's total vote was 7,623,486; Parker's total, 5,077,971.

### MIDNIGHT WALK

ENJOYED BY UTICA YOUNG MEN WHO ARE COMPELLED TO "STEP IT."

Lancaster Glass Blowers Refused Admittance to Union—People Coming and Going.

Utica, O., March 4.—Two of the Utica young men, while driving home from a dance at Mt. Vernon last Friday night, met with an accident which caused them to walk the remaining five miles into town. The horse stumbled and fell, breaking the shafts and injuring itself.

The 32 glass blowers who came here from Lancaster last Wednesday afternoon, hoping to be taken into the two-trade union and then to return to Lancaster and go to work, were disappointed; the factory management refusing to permit them to go to work, and the union refusing to issue them cards.

Mr. and Mrs. Chas. F. Gay and little daughter were guests of Mt. Vernon friends over Sabbath.

Miss Bessie McGaughey of Granville was the guest of Utica friends from Friday till Sunday.

Mr. and Mrs. B. C. Hoyng returned last week from West Union, W. Va., the factory where Mr. Hoyng was working having closed down.

A baby boy was born to Mr. and Mrs. Arthur Oldaker last Thursday.

Mr. and Mrs. S. B. Dunlap of Wyoming are visiting friends in the vicinity of Utica and Homer.

Walter Harris of Delaware visited here with friends Saturday and Sunday.

Mrs. Augustus Bailey will entertain at cards in honor of Mrs. Benjamin Carroll on Friday afternoon.

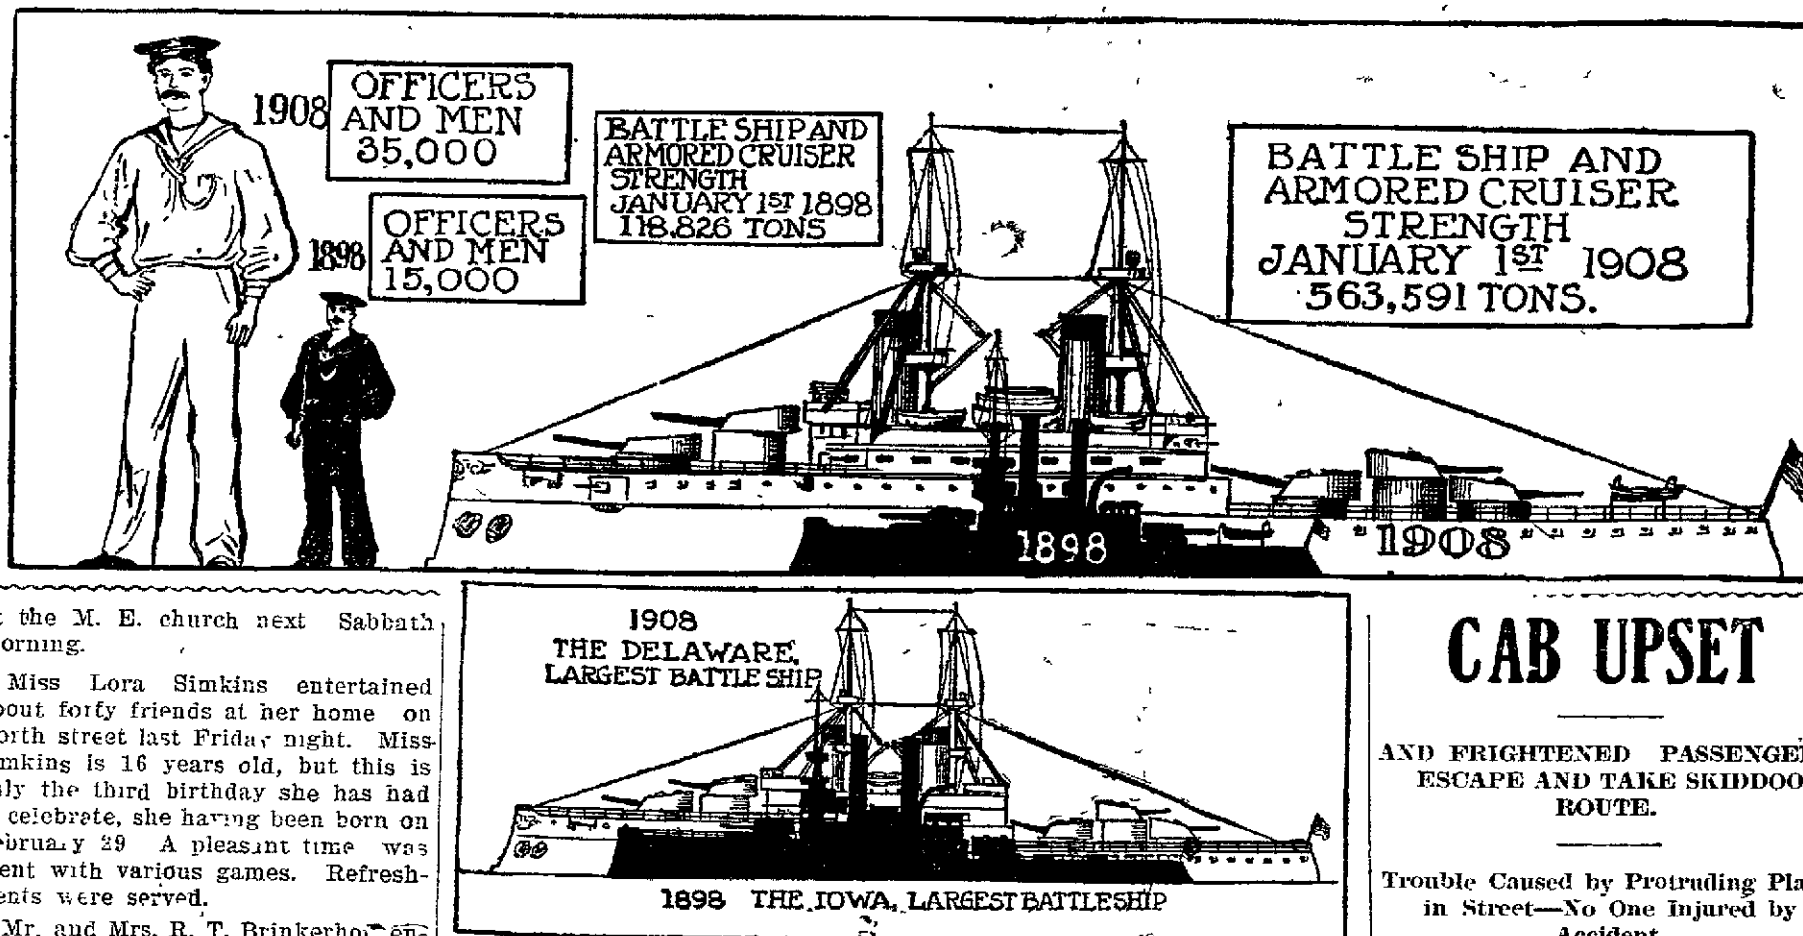

Mrs. Robert Sites and Mrs. R. E. Tyler will give a dance in Sperry hall on Thursday evening.

Miss Lucy Brinkerhoff of Reynoldsburg, was home over Sunday.

Mr. and Mrs. Will Kern of Jackson, Mich., are the parents of an eight pound baby boy. Mrs. Kern is a granddaughter of the late S. C. Wright of Utica.

There will be communion services

### ILLUSTRATION OF THE UNITED STATES NAVY'S GROWTH.

at the M. E. church next Sabbath morning.

Miss Lora Simkins entertained about forty friends at her home on North street last Friday night. Miss Simkins is 16 years old, but this is only the third birthday she has had to celebrate, she having been born on February 29. A pleasant time was spent with various games. Refreshments were served.

Mr. and Mrs. R. T. Brinkerhoff entertained a number of friends and neighbors last Thursday evening in honor of Mr. Brinkerhoff's 55th birthday. Mr. Brinkerhoff was supposed to have been surprised, but in some manner he learned of the affair. A delightful evening was spent in playing charades and other games. Mrs. Rev. Chapman gave some pleasing piano selections.

Mr. Thomas Payne, who has resided here for the past few years with his daughter, Mrs. E. F. Dowds, died at her home last Sunday afternoon. He was taken suddenly ill and died in a few hours. Mr. Payne had been very feeble for some months past, but his death came as a shock to his friends. He was aged 73 years, nine months and 29 days. Funeral services were held at the Dowds home Monday afternoon, Rev. Mr. Chapman officiating, and burial was made in a cemetery at Mt. Vernon.

It should not be amiss to point out as one lesson of the loss of the Maine that battle ships are always cheaper than war and that the possession of an adequate number of such units invests a nation with the invulnerability that is the surest guarantee of peace.

None of these great instruments is, it must be confessed, the cheap creation of an hour. They are expensive contributions to national defense, but we must keep in mind that the total outlay will be spread over a number of years, that the burden should not be onerous, and the whole sum asked for, multiplied three times, will be less than what our lack of preparedness cost us in the conflict with Spain. Had four more battle ships been available in 1898 the unhappy hostilities with an old friend would have been averted, because with such a proved superiority in strength, even a nation so sensitive and so gallant as Spain would have been justified in her refusal to appeal to the arbitration of arms.

That sudden, short and swift conflict, inferior as it proved to be in so many of the elementary energies of modern war warfare, cost this country \$600,000,000—that is, when the actual money expended, the resultant increase in national debt, the burdensome taxes and the pensions are included. Indeed, would we go further afield, the withdrawal, even for so short a period, of thousands of our citizens from the fields of productive industry, multiplied beyond all appraisement the direct or indirect outlay and waste caused by our unpreparedness.

### AMUSEMENTS

#### PARTELLO STOCK COMPANY.

Alice Kennedy who is seen with the Partello Stock company, which appears here next week at the Auditorium, is a decided favorite wherever she has been seen and has won much praise for her exacting portrayal of different characters in which she has appeared in the company's repertoire. Critics have been kind enough to say that she portrays the character of "Cigarette" in Belasco's version of "Under Two Flags" in a fine manner. Her changing temperament in this piece and the artistic skill with which she carries it out stamp her as an accomplished actress. She brings to the part an attractive face and personality and a pleasing voice which lends itself advantageously to the emotional phases of the role.

#### HEBER BROS. BIG SHOW.

One of the most pleasing features of the big Heber Bros. attraction at the Auditorium Saturday afternoon and night is to be the famous "Kitties" in their musical and dancing specialties. The "Kitties" are known from one end of the continent to the other as the most interesting exponents of Scotch characteristic dancing. Another pleasing feature of the big show is the "Musical Lifeographs," a new and novel institution. Heber Bros. carry their own band and immediately preceding both afternoon and evening performances, a free hand concert will be rendered in front of the Auditorium. Popular prices prevail.

#### ORPHUM THEATER.

The show this week speaks for itself as it is doubtless one of the best and cleanest vaudeville bills ever brought to Newark. There is but one vaudeville theater in Newark that can afford such an expensive bill at popular prices. The show this week is headed by the Four Sullivan, the singers and dancers who are considered a headline act on a bill. The musical De Faves in their original boxing bout is a big laugh getter, and their music is a treat.

Clark and Turner, the clever singers, dancers and talkers score nightly. Major Williams the gun spinner and equilibrist, is a novelty. The illustration

### CAB UPSET

AND FRIGHTENED PASSENGERS ESCAPE AND TAKE SKIDDOW ROUTE.

Trouble Caused by Protruding Plank in Street—No One Injured by Accident.

A cab belonging to the Bolton Transfer company met with an accident on Hudson avenue, near Manning street, Tuesday night, which resulted in the frightening of two passengers and Cabman Soulin, and the complete smashing of one side of the cab.

The driver was taking his "fares" at a very ordinary trot when suddenly one side of the cab began to rise. Before either the occupants or the driver could think further, the cab was on one side with the opposite wheels spinning in the air. The frightened man and woman quickly forced their way out of the top door, while "cabby" got busy extricating himself from the wreckage. The man and woman didn't stop to investigate, but just ran. And going they were, as far as the worried cabby could see them.

Investigation showed that the step on one side of the car carriage had climbed the end of a huge plank that had been used as a plug for a bad piece of street. A leak of some nature had caused a hole in the street at this point, and some person with the thought of "preserving the situation" had inserted the plank, leaving one end sticking in the air at just the proper angle to do a complete job of upsetting.

The cab had one door almost completely torn from its hinges, while the glass in the side was broken into fine pieces. The escape of the passengers and driver was almost miraculous. The horses were neither frightened nor injured.

TOBOSO

James Brill is moving to Nashport this week. We are very sorry to lose Mr. Brill and his splendid family, but wish them success in their new home. Mrs. Carl Loughman and son Herbert are visiting friends in Columbus. Miss Ida Cheek spent Saturday and Sunday with Miss Adah Brill of Newark. Mrs. Wm. Cheek, who has been quite sick, is much better. Protracted meeting began at this place Monday evening. James Brill shipped a crate of fine clothing to Priest Bros., at Newark, on Tuesday. Miss Mary Cheek, the rural letter carrier, who has been sick for several days, is better and will soon be able to be on her route again.

PROVIDED LIVELY DEMONSTRATIONS FOR THE DENIZENS OF GRANVILLE.

There Were Lengthy Processions, All Kinds of Oratory and a General Good Time.

Granville, March 4.—Now that the great Presidential campaign of 1908 has been fairly launched, it will be interesting to read how the Presidential campaigns of over three-score years ago were conducted in Licking county.

"The year 1840 was probably never equalled as a year of political excitement. Granville was almost exclusively Whig in its predilections. Such processions, mass meetings and illuminations were never had in this place before or since. Harrison, the Whig candidate for President, being an Ohio man, the Buckeye flourished as a badge of his party. A long procession went over to Etna to meet 'Tom Corwin,' the 'Wagoner Boy,' the candidate for Governor, and escort him hither. Frequent mass meetings called for long processions and impressive displays. Each section vied with another. Cane, whole trunks of trees 50 feet long, artisans' shops, log cabins, were borne along on wheels with banners and flags without number. Songs were sung endlessly. Bands of music were in constant requisition, from the brass band to the marrow bones. Infants in cribs would 'Rah for Tip!' A liberty pole, jointed like a ship mast, and again with bands of iron, and again and again, and topping out with a fishing rod and a long streamer, towered 270 feet on the village square. "On the Fourth of July a procession of carriages and wagons went to Newark to meet other similar processions from all parts of the county, so long that when the van reached Newark the rear was only just passed from Granville. Justin Hillier Jr., John Huggins and Charles W. Gunn were the marshals of the day for the Granville section of the procession. As insignia they wore buckeye hats with a string of buckeye balls for hat bands. Buckeye canes were without number. One banner bore the device of a flourishing Buckeye tree growing from a bank. Van Buren stood below on tip-toe vainly endeavoring to reach the fruit. Harrison stood on the bank above within easy reach of them, with his arms folded, cautioning him not to touch them—they would give him the staggers. A log cabin about 8 x 15 feet, built on two sets of great millstones, with improvised axles, with a live coon chained on the roof, gourd and other belongings of the primitive cabin hanging or lying around, headed the procession, drawn by thirteen yoke of oxen, each ox bearing a flag with the name of a state thereon: the oldest man in the township, Mr. Roswell Graves, driving the leading teams, and Mr. David Partridge having charge. "When the election was over an evening of rejoicing was appointed. All the preceding day preparations went forward. Teams were dragging loads of dry wood to the top of Sugar Loaf for a bon-fire. Another was made ready on the town square. Candles in great profusion were prepared, and when darkness came all were lighted up. Almost every window on Broadway was ablaze, some with a light glowing at every pane of glass. This was the last demonstration of that memorable campaign. "It had a sad extreme of contrast in the following year. Harrison only lived to perform the duties of his office a month when the Nation was clad in the habiliments of mourning. Granville came together again in mass meetings in the Congregational church, which was shrouded in black, to listen to a funeral oration pronounced by Dr. Oving of the Theological Institute."

## Nervous Indigestion

The action of digestion is controlled by nerves leading to the stomach. When they are weak, the stomach is deprived of its energy. It has no power to do its work. If you want permanent relief, you must restore this energy. Dr. Miles' Nervine restores nervous energy, and gives the organs power to perform their functions.

"For many years I was an acute sufferer from nervous indigestion; at times I was so despondent life seemed almost a burden. I tried all kinds of remedies and various physicians with little or no relief, until one night last summer I saw Dr. Miles' Nervine and Heart Cure advertised. I resolved to make one more trial, which did in the purchase of one bottle of Nervine and one of Heart Cure. In a few days I began to feel better, which encouraged me so much that I continued the medicine until I had taken more than a dozen bottles. I am very much improved in every way in body, mind and spirits since. I make a special point to recommend the medicine, and I feel a sincere pleasure in knowing that several persons have been benefited through my recommendation. Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money." Miles Medical Co., Elkhart, Ind.

**Pure Maple**

We are the largest buyers—so we are told—of Vermont Maple Syrup. All our wheat is cooked in it before it is flaked.

Our object is that incomparable flavor. To make Mapl-Flake the most delicious—as it is the most digestible—of all cereal foods.

Taste is of tremendous importance.

With children for instance. The food that is best for them often needs to be forced on them. But they beg for Mapl-Flake. Was there ever a child who did not like maple sugar?

The more Mapl-Flake a child eats the less it will eat of food not so good.

Wheat is the perfect food. But wheat, in most forms, is only partly digestible.

It consists largely of starch. And starch, to be digestible, must be made soluble. The particles must be separated so the digestive juices can get to them.

That requires a process of 96 hours, and Mapl-Flake alone employs it.

Our wheat is steam-cooked for six hours; then cured. Then flaked so thin that the full heat of our ovens gets to each atom. Then the flakes are toasted for 30 minutes in a heat of 400 degrees.

This process is expensive, but we know it to be essential. The result is, every granule of starch is separated. Every atom is made digestible. The food is all food.

That is why Mapl-Flake is the most economical food, though a package costs 15 cents. The cream costs no more than on 10-cent foods, and cream is the main expense.

So please don't go without the food that you like best, thinking to save five cents.

## RICHMOND

AND VAN WERT WOULD LIKE TO  
BREAK INTO THE OHIO  
STATE LEAGUE.

## PRES. QUINN'S REPLY

Likes Six Club Circuit, But if Town,  
are Money Makers, May Let  
Them In.

The fans at Richmond would like that town to be among the cities traveling under the name of the Ohio State. This fact became known on Tuesday, when the sporting editor of the Advocate received a letter from a man at Richmond who is on the "inside" of ball matters in that town, and he knows just how the wind blows. Van Wert would also like to lead in the Ohio league.

In part he says: "The opposition of the management of the local club to the O. S. is based on one ground only, that is the reported arrangement of the schedule. As we understand it here the schedule will call for ten days or two weeks at home and an equally long time abroad." Where the bugs in the Indiana town got their information is not known, for the matter of a schedule is known only to President Quinn, and as he has drawn up two or three schedules for the managers' opinions, the idea of the fans in that city is probably wrong.

The writer further says: "For instance the locals would start on a long trip; the mileage and the hotel expenses would be a heavy drain on the club's treasury. These expenses we believe, would be greater than our share of the gate receipts, and in case of rain, guarantees. When the club returned home for a long stay the attendance the first few days would be large, but the remainder of the time the crowds would be light."

"If the schedule should be arranged so that each club in the league would have about three games at home each week, traveling expenses would be reduced to a minimum. In the I. O. league last season this kind of a schedule proved very satisfactory. In fact so satisfactory that the local club paid all its expenses for a new ball plant and had a little money to the good when the season was run down on the season. Richmond fans all favor the Ohio State league in preference to the I. O. league, which at last begins to assume the appearance of a real organization. The Van Wert bugs also favor the O. S. circuit. It is the best little baseball town in Ohio and its 10,000 population supports a team in a really remarkable fashion. Last year one wealthy and enthusiastic fan built a plant for the club, another bought all the uniforms, and another contributed the players' coats. When the team is at home the average daily attendance varies from 400 to 600. That may seem like a 'pipe' but it's an actual fact. On Saturdays it jumps from 900 to 1200."

"Richmond is, and always has been a dandy baseball town. Last season the average week day attendance was 347, while the Sunday crowd was 1,834."

President Quinn was called over the telephone and said he had heard nothing from either of the towns, but if they wanted to show up at Thursday's meeting and could show how the long-reen could be copied, may be they might land. "I never favored a six club league," said Mr. Quinn to the Advocate. "until I saw this bunch of towns in the Ohio State. Now I believe I do. I am perfectly satisfied for the jumps now are small, the longest is only 120 miles, and the league ought to be a money maker. I don't think there is a town that expects to make much money; if they can make expenses they will be satisfied."

"If the league is a success this year, why next season we can have any two cities in Ohio, outside of the big league towns, to make an eight club circuit out of it. We will have our meeting at the Neil House, Thursday, and the little details, other than arranging the schedule will be cleared up. That will be ready for publication soon."

## THURSDAY

Big Baseball Meeting Will be Held in  
Columbus—The Schedule Will  
be Adopted.

The long looked for baseball meeting will be held at the Neil House in Columbus Thursday, and then everything will be cleared up, the schedule adopted and then only a short wait until the playing season opens.

President Quinn has made out several schedules for the managers of the league to decide upon and in all probability the schedule will be made public Friday or Saturday. Just what holiday and what Sunday dates Newark will get is not known.

However, as Molder town is known to be a pretty fine proposition when baseball is concerned, several good dates may be dropped into the Molders' stockings. The fans don't like the waiting, but the time is getting short and the longer the wait the more enjoyment when the season actually opens.

Manager Berryhill at his Indiana home is looking things over carefully, and every time he hears the name of a player he looks him up and sees if he can use him. They say that the other day Bob was sitting in a big chair smoking and day dreaming, when his wife called him. He immediately jumped up and said, "Bob Berryhill! I've heard of a player by that name. Where can I find him?" And he didn't come to until he looked at his marriage certificate on the wall. Bob denies this, though.

But any way he is shooting contracts grand right and left, and the club is almost kicking on the amount of ink he is using. When reporting time does roll around a hefty bunch of sod diggers will catch the cars for Wehrle park.

## BIG EDDIE SIGNS UP

Ed Asher, burly neaver, who almost hurled the Newark club into the O. P. pennant last summer, and who was drafted by B. Armour, is the latest Toledo player to give the local magnate a sample of his handwriting, says the Toledo News-Bee. Asher signed Saturday and says he will shortly start from California for the east. The big chap has been pitching on the coast this winter and says that he is ready to ascend the mound at once.

## SOUTHERN

League First Baseman Wants to Play  
With Newark and Terms Agreed  
On—Contract Mailed.

If his ability is up to his size, Secretary Hopkins of the ball club, has nailed a "find." The find in question is a man six feet four inches in height, and claims to be a first baseman of experience. He walked into the Franklin bank the other day and said he would like to land in Newark.

According to his story he has been playing in one of the southern league but his parents, who live in the southern part of this state, are old, and he wants to play near home. He told Mr. Hopkins what he would play for, and a contract was mailed him today. The secretary refused to give the name of the man until the contract was signed.

## MARTY WILL HAVE TO HUSTLE

The Evansville club has arranged for a swell line of exhibition games to be played on the home lot before opening of the season, says the Zanesville Signal. The Chicago Cubs, the White Sox, Detroit, Brooklyn and St. Paul are the clubs that will furnish the first baseball in the Evansville grounds. Manager Hogan would have booked several big leaguers for Zanesville, but the park question was not settled and Marty did not want to take any chances on a forfeit. If the question is settled this evening there may be something doing yet.

## REBELS WILL SOON DECIDE

Youngstown, O., March 4.—Both Uniontown and Charleroi will be represented in a meeting of the O. & P. league to be held Thursday of this week in this city. At this meeting of the league magnates it will be definitely determined whether the league is to consist of eight or six clubs.

## O'DAY WANTS TO MAKE IT SIXTH

Marion, O., March 4.—With but four or five weeks remaining before the players report here the outlook is especially promising for a most successful season. O'Day is manager of winning clubs. He has been at the head of five winners and says he does not see why Marion should not be the sixth winner. He is a hustler and will get the work out of the men. It will be a case of "play ball or get out" with O'Day.

The manager will report here about the twenty-fifth of this month and on April 5 about thirty players will report to the manager here. It is planned to have a series of

## PEPSIN ALONE WILL DIGEST 3000 GRAINS OF YOUR FOOD

Tells Why There is Nothing So Good  
as Diapiesin to Cure Indigestion  
and Sour Disordered  
Stomach.

The question as to how long you are going to continue a sufferer of indigestion and stomach trouble is merely a matter of how soon you begin taking Diapiesin.

If your stomach is lacking in digestive power, why not help the stomach to do its work, not with drastic drugs, but a re-enforcement of digestive agents, such as are naturally at work in the stomach.

Scientific analysis shows that digestion of food requires Pepsin, Nitrogenous ferments and the secretion of hydrochloric acid.

When your food fails to digest it is proof positive that some of these agents are woefully lacking in your digestive apparatus.

Each 22-grain triangle of Diapiesin, which is harmless and tastes like candy, contains pure Aseptic Pepsin, Diastase, Papain, Calcium Carbonate, Tasteless Cascara, Ginger and other natural elements necessary to digestion, and when placed at work in a weak stomach and small intestines supply just what these organs are calling for. These Triangles of Diapiesin promptly stimulate the Gastric glands, increasing the digestive juices, overcoming even the worst case of indigestion in a little while.

Go to your druggist and get a 50-cent case, and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there is not going to be any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living.

exhibition games with American Association teams and with independent teams before the regular season starts. The games will be played at Wehrle park which will be put in condition for playing as soon as the weather permits.

## ALL FOR FANDOM.

Only thirty-eight days more until the first game will be called at Wehrle Park.

Newark players will be reporting for duty in four weeks time.

Contracts have begun coming in and it is quite likely before many days have passed that Secretary Hopkins will have a couple dozen of them.

Manager Ferd Drumm of Lima has a bunch of twenty-five to start the season with.

Manager Ransick of Springfield is not losing any time and he has a bunch of likely looking youngsters, many of whom have been picked up in the bottom lands of Cincinnati and who know nothing else but playing ball.

Thomas Perfit has signed a contract with the Lancaster club.

Sam Havel, formerly of this city, has been turned over to the New Haven club by Newark.

There is a splendid left wheeler up at Bucyrus named Albert Young, worth looking after. Some minor club will find him one of these days and he will develop into a good one.

Mansfield is going to have a good bunch to select from. They must have in the neighborhood of forty ready for the spring try out. Some of them will have to join the tin can brigade.

Bill Dithridge, who formerly did stunts in short field for Akron, is now a full-fledged manager. He has signed to play short and manage the Decatur team of the Three-I league.

Winfield Osborne of the Philadelphia Athletics who hails from the same town as does Pitcher Fred Koehl of the Molders, left today for Atlanta to join his team. He and Koehl have been doing daily stunts of seven or eight miles across the country for the past four weeks.

Richmond and Van Wert would like to break into the Ohio State. They had the chance once before and didn't take advantage of it.

Poor old Akron. She is looking like a bay steer and would like to pull out of the O. & P. rebel organization. President Windsor is prefiguring all kinds of disaster and says the club will quit the season at least \$2,000 to the bad.

Only two Sunday towns in the rebel league and Akron, Youngstown and several others are demeaning their tough luck.

Manager Bill Armour of Toledo has

Only one grain of the pure pepsin used has proven by test to digest 3,000 grains of steak, eggs and other foods. Diapiesin will give your stomach rest; it will digest and prepare your food for assimilation into the blood the same as a sound, healthy stomach would do it.

A case of Pape's Diapiesin costs only 50 cents at any good pharmacy, and is sufficient to give relief to old chronic sufferers, and leave some for others of the family who occasionally eat something which does not agree with them.

People with weak stomachs should eat one Triangle after meals, and there will be no more indigestion, no feeling like a lump of lead in the stomach, no heartburn, sour risings, Gas on stomach or belching of undigested food, Headaches, Dizziness or Vomiting, and, besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour stomach and dyspepsia are generally relieved five minutes after eating one Triangle of Diapiesin.

Go to your druggist and get a 50-cent case, and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there is not going to be any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living.

LEFTY (CLEMON) WEBB,  
Who will report here June 10.

received the paper with Big Eddie Asher's John Hancock attached. He will start from California in a short time to join his team.

Marty Hogan is having a tough time picking out a ball park. There are a dozen spots which look good and Marty would like to cop them all. He has not as yet arranged any exhibition games for they have no place to play and Marty doesn't want to take chances on the cash which he would have to post as a forfeit.

Toledo opens the season here on Saturday and Sunday, April 11 and 12. Everything will be ready for the big event and there is no question about the crowds if the weather is nice. Asher will probably do slab work for the Mud Hens in one of the games.

Billy Smith, who managed and played center field for New Castle last season, has not as yet signed for this year.

Who sprung this one? "If Ty Cobb Summers in Georgia and the Chicago club Downs the Tigers, Hughie Jennings will have a Payne."

Milwaukee is making an effort to secure the services of Big Ed Schlatter, the Toledo boy who covered the initial cap for New Castle in the O. & P. league last year.

Jimmy Lucas has signed the pink document of the Marion aggregation. Burke, Luskey, Fox and Ingerson are holding out for more salary than was offered them. They will get it when they get it.

Sanford Burke, the young Columbus pitcher with Marion last year, can't see the light and has not sent in his contract. He was given a nice raise during the season, all that his work warranted, and he ought to be satisfied.

President Quinn doesn't say much but he acts instead. The teams are beginning to find this out. He will unfold his plans at the Neil House tomorrow and then the grand scramble will begin.

If the kind of weather that we had Tuesday keeps up the fans will begin the meander out to Wehrle Park just to take a look at the old place once more.

Lancaster is the only team in the Ohio State who has not yet selected a pilot but they expect to land one before the week is over.

Ernest Redman, a pitcher from Cleveland, has signed with Mansfield. He is six feet tall, weighs 150 pounds and is 23 years of age.

The Mansfield club has a mascot in the shape of a bull terrier and he has been christened "Mac" in honor of Manager McVey.

Tom O'Hara, manager of the Erie team last season, has signed with Canton. O'Hara is an outfielder and a good one and will have no trouble in making good.

It is said that Bill Swartz will be back with Akron again this season.

Negotiations are in progress with Peoria for his release.

Manager Porter is in Detroit on the still hunt for a couple of young players for New Castle. He expects to return with a couple of contracts.

Manager Patterson says Paddy Greene, Sharon's third baseman last season, is too old to be of further use to the Medicine Men and he was let go last Saturday.

The fans are already doped it out. They have Newark, Springfield and Lancaster fighting for the bunting, but the end is a long ways off.

Connie Mack's team of ball tossers are at Atlanta today. Sunday they played the Pelicans at New Orleans to 6,000 people, beating them 4 to 1.

Hughie Jennings and his Tigers are at Hot Springs, but Ty Cobb is among the missing and it looks as if he would make good his winter threats. Hughie may make a trip to his home in Augusta to try and get his signature to a Detroit contract.

The Chicago White Sox arrived at Los Angeles last night and will start to training.

Most of the New York Americans are at Hot Springs working out and taking the baths. The entire team will congregate at Atlanta the latter part of the week to prepare for the season.

The Boston Red Sox left Monday for Hot Springs and arrived there last night.

Joe Cantillon and his crew of Nationals gathered at Chicago yesterday and left on their trip to Galveston today.

The veteran members of the St. Louis Browns, who have been doing stunts at French Lick Springs, arrived in St. Louis yesterday, and with the rest of the players, will depart for Shreveport this evening.

## BRITT

OUTPOINTS BATTLING NELSON IN  
TEN ROUND GO AT LOS  
ANGELES.

## BADLY HURT IN SIXTH

Is Britt, But Makes Great Recovery  
and Stays the Limit—Men Evenly  
Matched.

Los Angeles, March 4.—Taking the 10-round affair between Jimmy Britt and Battling Nelson round by round, there was a slight margin in Britt's favor at the finish. The men were on even terms when they started the tenth and last round.

The first was Britt the second Nelson's the third Britt's, and the fourth even. The fifth, sixth and seventh were in Nelson's favor, and in each of the remaining rounds Britt was the cleaner and more effective scorer. This is judging the affair round by round. Had there been a referee to decide the question of superiority, he might have made his award in favor of Nelson. Or he might have given the Dane a draw.

This because the sixth round which was Nelson's, was by far the hardest of the series and was very much in favor of the Dane. He hurt Britt in this particular spell of fighting with rib roasters, and when he brought Jimmy's guard down he swung lefts and rights on the jaw.

Britt was in a bad way when the gong came to his relief and it looked as if Nelson would wear him down and gain the award of merit before the fight went the limit.

Britt made a wonderful recovery, however. He did not hold his own with Nelson in the following round, but in each of the others, by clean hitting and clever defensive work, stemmed the tide of defeat.

Nelson fought in his usual style, going after his man and paying little attention to blows which kept sending his head from side to side. Britt on the other hand was determined to make a stand-away fight of it and rely upon his cleverness. Jimmy was responsible for all the clinches, and he did not attempt any free-arm work to speak of in these holding matches. He devoted all his time to smothering and blocking the uppercuts and body punches with the Dane tried to use while their arms were partly interlocked. Had Britt fought the way Nelson did the chances are he would have been knocked out. Nelson was the stronger of the two and his blows had more sting in them. Britt, on the other hand, did not inflict a damaging punch, although his deliveries were well timed and landed cleanly.

## FEMININE TOPICS

At the last Congressional reception the President had at least one bright spot to color the monotony, says the Washington Star. Many schoolgirls were among the invited, and as the delegation from one school came up, blushing and with shaking knees, a Western maiden, healthy and bloom-

ing, with the air of the prairies still about her, was presented.

"I'm delighted to meet you, Miss R—," said the President, giving her his patent "pass-around" handshake.

For one brief gurgling blissful instant the Western girl beamed with joy, and then from the fullness of her heart gushed forth, "Same here."

How convenient and easy it is now—adays to do up your lace curtains: no getting down on the floor and wearing yourself out pinning them. The new curtain stretchers with their anti-stretchable pins can be adjusted anywhere and make short work of it and they dry in a short time. They are only \$1.50 at The Fair.

What the separate jumper waist was last year we now find the overblouse fast taking its place. It is made of silk, satin, lace or dress materials to match the skirts and is a plain, pretty affair without sleeves or yoke, rather ornamental with trimming, embroidery and various touches of artistic needlework.

Have you tried that delicious French Nougat candy at "The Purty"? It is fresh every day and comes in three flavors—chocolate, strawberry and vanilla.

"You'll love to hear of the new hats," writes a woman from Paris. "There are three sizes: the immense sailors, the medium size, with the brim rolled at the left front, and the toque. Didst ever such a variety of choice? A new toque in roses is charming for spring wear. There are roses of every color, pink being much liked. But one lovely blonde woman has one in dead roses—in reality all sorts of lovely brown shades."

Plenty of fancy carnations and all kinds of spring cut flowers and plants at Miller's.

They say that: An onion sliced and left for a few hours in a freshly painted room will absorb the unpleasant odor of turpentine and leave very little trace of its own perfume.

A fine line of corsets to sell at 50c and \$1.00 at Hansberger's store.

Almost all the spring suits show vests and there is no detail of a

woman's costume, excepting always her collar and tie, that permits of more variation than does the vest. Any ornamentation, from paillettes to buttons, is permitted, and any color is desirable and proper.

A full line of all new dress goods and silk of all kinds. You are welcome to look them over at Hansberger's store.

Biting the nails is so disfiguring a habit that every effort should be made to conquer it. It is one of the many forms in which nervousness manifests itself. Rubbing the finger tips with aloes will greatly aid to break the habit, as the bitter taste of the aloes will serve as a reminder to the will.

Ladies' Jackets—All new, none better in the city. Go and see them at Hansberger's store.

If a silk waist is laid away without taking out the shields the rubber will cause the silk to crack in a short time.

For a nice line of skirts for 4be least money go to Hansberger's store.

The costume for the summer will not be complete if worn without slips built on the princess lines of last year. This does not necessitate heavy, elaborate undergarments of silk and satin. Ordinary figured dimities and lawn may be used with charming combinations, and trimmed with lace and allover embroidery.

Every woman is now considering the spring cleaning and repapering of the home. It will surely pay you, ladies, to read the "Wall Paper Talks" given each day by the A. L. Norton Co. Don't miss any of them as they take in every detail of wall decorations for the home. You will find them at the top of page 2.

Ladies fine shirt waists and lingerie receives special attention at the Home Laundry. They have both phones.

The clubwoman, putting down her glass, giggled.

"You know why my husband's birthday is next week," she said, "and I—"

Laughter overcoming her for a moment.

"—and I have been taking a cigar out of his case every day for the last three months. Well," she went on, "I've got a hundred now, and I'll give them to him for a birthday present."

Ladies who are particular about their family washing will be glad to know that the Home Laundry uses nothing but filtered soft water and the best and purest materials in their work.

Golden quills are in great demand for spring hats, and what could be easier than to paint over those that fail to match any hat at present in use?

The ladies of Newark are showing quite an interest in the superior work turned out by the Home Laundry.

A charming coiffure for a girl of 18 is a wreath of tiny bows in silver braid, or of satin ribbon the same shade as her dress. These are brought down in a slight point over the forehead and around the knot of the hair in the back. The little bows are each about one and a half inch long, and made of ribbon about three-quarters of an inch wide. They are joined

together by wire too fine to show against the hair.

They're selling those Armstrong Well shoes right and left at Linahan's, because of their superiority of workmanship and materials which make them the most comfortable and economical shoes to buy.

Wash and starch doilies having knitted or crocheted lace borders. When they are half dry wrap them up in a cloth and lay them aside. Iron only the centre of the doilies and pull the lace gently into shape with the fingers.

Have you ever used Alabastine to decorate your walls? Try it this season. You'll be surprised at its beauty and economy. It will not harbor bugs, insects or disease germs. Its rich, soft velvety tints do not fade or change color, and will set off your pictures and furnishings to the best advantage. Drop in the Newark Hardware Co. store and look over the colors and special designs.

Every woman interested in home dressmaking will appreciate the announcement made by the J. J. Carroll store today. It is a splendid opportunity just now to have the privilege of seeing Miss Adell King, the special representative of the Ladies Home Journal patterns, give a demonstration of the newest and best styles for spring and summer. She will show you just how you can do it yourself.

### NEW WAY.

February 2nd was the forty-second anniversary of the marriage of Mr. and Mrs. Andrew Milburn. They entertained a few of their friends in honor of the occasion.

Mr. Fred Grandstaff of Newark, is visiting his parents, Mr. and Mrs. Alva Burr.

About 35 of the young friends of Miss Mina Bishop gave her a complete surprise Friday evening, Feb. 28. The occasion was Miss Mina's 17th birthday anniversary, and she was pleasantly reminded of it by a number of pretty and useful presents. Games and music furnished amusement, and light refreshments were served.

Mr. and Mrs. B. S. Sore were at Highwater Friday to see Mrs. Sore's brother, Mr. Ansel Bailey, who is seriously ill.

## HUNGRY AS A BEAR AND CAN'T EAT

When Mealtime Comes, You Suffer From a Yes-Not Kind of Hunger, You're a Dyspeptic.

How to Cure All Stomach Troubles.

A good many people get mad when they tell them they've got dyspepsia, but you down deep in their stomachs they know they've got it.

"I'd love to eat it, but I can't," is one kind of dyspepsia.

"I hate to think of it," is another kind. There are thousands of people today who hate their meals, and they love them at the same time. They haven't that fine empty-hungry everything-in-sight kind of feeling which goes with every good strong healthy stomach. That's because they have dyspepsia. And then there are others whose mouths don't water at meal time or at any other time. They sit at the table and go through the motions, only because it's time to eat. These people, too, are dyspeptics.

Every possible kind of stomach trouble can be cured by taking something which will just take right hold of all the food in your stomach and digest it alone without the help of the stomach, and let the stomach take a rest.

Stuart's Dyspepsia Tablets do this very thing. They are composed of the best digestive known to science, and are absolutely safe. One ingredient alone of one of these tablets will digest 3,000 grains of food! These tablets do exactly the work that a good strong healthy stomach does.

Stuart's Dyspepsia Tablets cure all cases of dyspepsia, indigestion, burning or irritation, loss of appetite, bloating, brash, belching, aversion to food, fermentation and gas on the stomach.

Stuart's Dyspepsia Tablets will make you feel "good" before and after each meal, and make your stomach strong and healthy again. They will make you happy.

Send us your name and address today and we will at once send you by mail a sample package, free. Address: F. A. Stuart Co., 150 State Bldg., Marshall, Mich.

Stuart's Dyspepsia Tablets are sold at every drug store for 50c a box.

## COL. GILLETTE GETS SUMMONS AT RECEPTION

GENIAL CANDIDATE DELIGHTED TO MEET DEPUTY SHERIFF RESCH.

But Newark Man Wasn't so Highly Pleased When He Learned True State of Affairs.

Columbus, O., March 4—Col. Melville M. Gillette, the Newark candidate for state treasurer, appears to be right in the running this morning, and his many Newark friends are booming him to the limit. This morning's Journal says: "Gillette appears to be the strongest of the other candidates, with Rosser next to him," after admitting that Green had lost ground rapidly.

Col. Gillette handed out one of his campaign carnations and a good cigar yesterday afternoon in exchange for a summons in a \$10,000 damage suit against the Licking Light and Power company by Charles W. Swickard.

Col. Gillette, who is president of the company, was holding a reception at his headquarters in the Neil house, when Deputy Sheriff Charles L. Resch, armed with a copy of the petition and the necessary summons, appeared upon the scene. Presuming him to be a delegate, one of the lieutenants provided him with a carnation, while another presented him with a choice cigar, and he was escorted into the presence of Mr. Gillette who was busily engaged in shaking hands with his numerous friends. He was "de-lighted" to meet his Franklin county friend, and, after acknowledging the courtesy, Mr. Resch replied: "Mr. Gillette, I am a deputy sheriff of Franklin county and it is my mission to present you with something a little more serious than a carnation or cigar." He then handed him the papers in the case and made the required memoranda as to service.

Mr. Gillette glanced over the documents, after recovering from his surprise, and upon learning their import said: "Well, that's pretty dog-gone tough, but I guess I'll have to accept it." This closed the incident, and Deputy Resch sauntered toward the court house, conscious of having performed his duty and enjoying the added pleasure afforded by the cigar, which, he said, was "a fine one."

The suit is based on allegations of personal injuries sustained by reason of alleged negligence on the part of the defendant company. Swickard avers the company operates a high tension electric wire in Newark using the poles of the Central Union Telephone company, and at the time of his injuries he was employed as a lineman for the latter company. He charges that in discharging his duties he climbed one of the poles to repair some wires and came in contact with the high tension wire at a point where the insulation was worn off, and was knocked unconscious by the shock and badly burned; that his hands and fingers were so badly burned as to render it difficult for him to earn a livelihood, and that he is permanently injured.

Mr. Debolt is survived by a wife and several children.

**CHARLES EDGAR BELL.**  
Charles Edgar Bell, son of William and Mary Bell, born in Liberty township, September 14, 1852, and died February 28, 1908, aged 55 years, 5 months and 14 days. He was united in marriage with Mary A. Arnold, Dec. 2, 1874. Of this union five children were born, of whom three have preceded him to the better land. He leaves besides his wife two sons, Charles N. of Fredonia, Guy at home, two grandchildren, four sisters, and four brothers-in-law. He was a member of the Christian Union chapel, a good and loving father and husband, and a man whom everyone called friend. His hand was ever open to the needy and the community in which he has lived nearly all his life mourns the loss of an upright, honorable friend to all.

"Oh, earth! so full of dreary noises, Oh, men! with wailing in your voices, Oh, deluded gold the 'ollars' heap, Oh, strife! Oh curse that or' you fall God strikes a silence over all!" And gives to his beloved sleep!

## A LADY'S GRIEF

Grandly Dispelled.

The experience related below shows how a lady suffered from a most unfortunate case of ulcerated pimples, blackheads and unhealthy condition of her skin. It also shows the remarkable restoration to the natural, clear, soft and velvety complexion which she was entitled to enjoy:

**ALL OTHERS FAILED.**  
"For 15 years I was troubled with ulcerated pimples, and my skin was yellow, oily and full of blackheads. I declared extra-badly and internally, tried every available remedy, but without success. Was utterly discouraged and ashamed to go into society with such a terrible face. After using your treatment, I am proud of my complexion, for the pimples and blackheads have disappeared and my skin is soft, smooth and fairer than ever before. Feeling very grateful for such beneficial results, I gladly recommend your valued remedies to any one afflicted as I was."

Mrs. P. J. Cook, New Market, N. H.

We are glad to cite such cases, because they mean health and happiness to those in whose behalf we have been supplying positive remedies for the past 50 years.

Tuesday**

**ON BURGLARY CHARGE**

**And Complicity in Millersport Post Office  
Robbery**

**Hamilton, Fickle And Miner Taken  
To Lancaster And Locked  
Up In Jail.**

Hebron, March 4.—A third man has been arrested in connection with the Millersport postoffice robbery. He is Art Hamilton, son of Mrs. Matilda Hamilton, who runs the hotel at Lakeside. He is thought to be the man that made the third tracks at Lakeside park when the handcar was placed on the rails at that place.

He was arrested by Deputy Marshal Cippion of Millersport on a warrant sworn to by E. E. Spitzer of Millersport, who charged him with burglary. Advocate readers will remember that the postoffice of that place was located in the Spitzer Bros. store, and when the postoffice was robbed some money belonging to the Spitzer's was taken.

Hamilton did not offer to resist arrest and made no statement to the officer only claiming he knew nothing about the crime with which he is charged. Hamilton, Fickle and Miner were all taken to Lancaster late Tuesday afternoon and were locked up in the Fairfield county jail where they will stay until given their hearing.

Their hearing will probably be Friday, but there is a chance that it may be held Thursday. When the officers and their prisoners boarded the train here an immense crowd was at the depot to see them off, but every one was quiet and orderly and there was no demonstration of any kind.

**FIRE BRIGADE  
OF WEHRE PLANT**

**ENJOY THIRD ANNUAL BANQUET  
AND ENTERTAINMENT TUESDAY NIGHT.**

Inspect Fire Stations and Listen to a Flow of Oratory at Kuster's North Side Cafe.

The third annual banquet and entertainment of the Wehre Fire brigade was a big event of Tuesday night. The affair was attended by the full membership of the three companies, including 45 employees of the Wehre company who are on the list of fire fighters. City Fire Chief Louis Bausch was the guest of honor. The entire entertainment was directed by Mr. Charles Allen, the organizer of the brigade and the one who has built it up and directed operations since the organization, Tuesday, Oct. 10, 1905.

The first alarm called the three companies to the Orpheum theatre at 7:30 where they witnessed the first performance and thoroughly enjoyed the hospitality of the management.

In answer to the second alarm, the brigade made a double-quick dash for the East End station of the city department, where Captain Griffith extended them every courtesy, giving a trial "hitch" and showing the boys through the station.

The third alarm was the big blaze of the whole series, being a siege of the banquet tables of Kuster & Company, the North Side restaurant. There, with Frank Muenz, the brigade marshal, presiding as toast master, the following delightful banquet was served:

|                       |                   |
|-----------------------|-------------------|
| Oyster Cocktail       | Clam Chowder      |
| Baked Stuffed Pickrel | Cranberry Sauce   |
| Roast Turkey          | Mashed Potatoes   |
| Roast Pig             | Lobster Salad     |
| Sliced Peas           | Apple Sauce       |
| Creamed Sweet Breads  | Olives            |

Reel Up!

The brigade has been progressing nicely ever since its organization in 1905, and has rendered valuable assistance in a number of conflagrations at the Wehre plant, which, but for the well trained three companies, would have doubtless resulted in great loss before the city companies could possibly reach the grounds.

Equipped with all supplies necessary for the successful fighting of fire, the boys have had some valuable tips from local firemen and with their regular training and drill days, every other Tuesday, have their system well mastered. Six thousand feet of hose are ready for an instant use and on the sound of the alarm the men are at their posts and ready.

The officers of the brigade are: Frank Muenz, marshal, and William Schaller, assistant marshal. No. 1 company is under command of Capt. Walter Craig and Lieut. E. Long; No. 2 is commanded by Capt. Joe Sex and Lieut. Ed. Gorius; and No. 3 by Capt. Ed. Smith and Lieut. Ed. Steele.

The boys were ordered to "reel up" at 12 o'clock, but for the only time on record, were late; they didn't reel up until 20 minutes after schedule time.

## ENJOYABLE

Was the Annual Dance of the Bar Tenders' Union—Two Hundred Couples Present.

Very enjoyable was the annual dance given in the A. I. U. hall, West Main street Tuesday night by the local union No. 412 B. I. L. of A. It was one of the largest dances of the season and was attended by fully two hundred couples. About sixty people from Zanesville were in attendance, and all danced until a late hour. Music was furnished for the dancing by Marsh's orchestra.

The boys had been making arrangements for several weeks and everything ran smoothly from start to finish. An elaborate dancing program was issued and the dance was a decided success in every way.

## THE FATE OF KATE.

There was a young lady named Kate, who with her beau sat up quite late, and he asked her, "My dear, let's get married this year?" But Kate's answer we cannot relate. "Tis eve and this lady named Kate, now is married and waits by the gate; for her husband had said, "I'll get Spartan Stain, red, and we'll paint the porch chairs"—but he's late. Even if you do have to go a little out of your way to get Spartan Stain it will be better to do so, as it is so easy to apply that your wife can use it just as well as yourself. Spartan Stain is just the thing for use at house-cleaning time. Manufactured by The Marietta Paint & Color Co., Marietta, Ohio. Sold by The Newark Paint Store, 31 West Church street.

## AN OLD BIBLE

Black Run, O., March 4.—I have noticed accounts of old Bibles and therefore thought I would write about one I have in my possession. It was printed in 1762 at Oxford, England, and is in good condition. It has a leather back and that is covered with another leather cover. It has always been in the Barcroft family, being handed down to the nearest kin by the name of John. It was my father's until he died in 1898, then it fell to my son, John Raymond. The records are in a good state of preservation and the writing is very good and plain.

## Repulsiveness

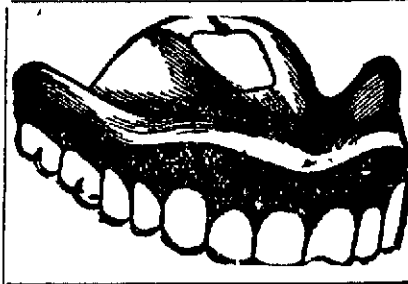

There's something decidedly repulsive about unsightly, decayed teeth. Especially as they are usually accompanied by bad breath, a bad stomach and an ugly disposition.

There's no excuse for any of these ills. Have the teeth put in condition and the stomach soon resumes its normal condition, the breath its natural sweetness and the temper it wonted mildness.

## Family Funds For Special Purposes.

IN some families the idea has prevailed to start a separate fund for each definite purpose, the need of which could be foreseen. For instance, it is known, or at least fondly hoped, that the child recently born will grow up to require an education.

An education fund is started at the time of the child's birth and steadily built up, little by little. Once the system has been established, it requires no effort at all. A little a week and 4 per cent. compound interest soon create a very substantial fund.

## BURGLARS

Enter the Kane Grocery on North Fourth Street and Secure \$2 From Safe.

Petty thieves got in their work at the grocery of Frank Caine, North Fourth street, last night or this morning and for their work secured some small change to the amount of about two dollars from the money drawer which was left open. Entrance to the grocery was gained through breaking out a small window in a shed in the rear of the place.

Officer Luning in going past the grocery at 4 o'clock this morning noticed the lights were turned low but the doors were locked so he went to the home of Mr. Caine and told him about it. Mr. Caine told him he had turned the light a little low when he closed up for the night, but this morning he discovered they were much lower than when he left and upon investigation found the money gone.

## MONUMENT WORKS

Will Open in Newark in April—Newark Man to Manage the New Plant.

Another factory of importance of which a young, well known business man of this city will have charge, will be started here next month. It will be known as the McFee Star Granite company, and is incorporated for \$15,000. Their business will be the manufacture of monuments of all kinds and sizes.

The company has leased a building on South Fifth street, Nos. 3 and 5, and will at once commence repairs and changes that will be necessary for accommodating the plant. The front of the building will be repaired and the interior changed around to suit the lessee who have leased it for three years with an option on it for five years. The floor space in the building is about 40x60 feet. There is a yard in the rear and

this will be used for storage of the rough granite and for the location of the gas engine. Although much has to be done everything will be ready to commence business by the first of April. The company here is a branch of a large plant owned by Mr. McGee at Mt. Vernon and the latest and most improved machinery will be installed. The manager in charge is thoroughly trained in the work and all the work done will be under his direct supervision.

House cleaning time is near at hand and you should not fail to see the beautiful finish you can put on your walls with Alabastine. Sold by Newark Hardware Co. 444t wit

## WEDDINGS

### NORMAN-MOREHEAD.

On the evening of February 26, a very pretty wedding was solemnized at the home of George Morehead, two miles north of Brownsville, when their daughter Ella J. was united in marriage to Charles E. Norman. At 7 o'clock, while the wedding march was being played by Mrs. Adair, of Newark, the bride and groom descended the stairs, attended by Rev. Aaron Turner and Miss Bertha Kreeger. The ceremony was performed by Rev. C. O. Harvey of Mt. Vernon, an uncle of the bride assisted by Rev. Mr. Bowden of Brownsville, in the presence of about 50 relatives and friends. Immediately after congratulations the guests repaired to the dining room where an elaborate course supper was served. The bride looked charming in a gown of cream and veil, trimmed with lace.

They were the recipients of many handsome and useful presents.

### UFFNER-BARNETT.

Ernest Uffner and Catherine Barnett, two popular young people of Brownsville, were married last Wednesday in Newark and on Thursday their friends in Brownsville welcomed them with a tin shower.

Sunday marked the beginning of what railroaders consider to be one of the worst months in the year for their business, and work has already been started along many of the lines for the purpose of protecting the train service from landslides, washouts and other disasters. Says the Pittsburg Gazette Times: In March, the railroads traversing Pennsylvania, Ohio, West Virginia and adjoining States suffer thousands of dollars' worth of damage from the results of weather conditions and a repetition of this general nature is expected each season, despite the preparations made to avoid it.
